Dear Prof. Senner,

We'd like to express you our deep appreciation of the scientific input in conference held by LLC IMC Sogaz on November, 24 in 2014, dedicated to the theme of the "Cardiologists and surgeon's view to the obese metabolic and hemodynamic disorder curation", which had an audience of about 400 doctors in Russian Federation.

Speakers were Obrezan Andrey, MD, professor, Head of the hospital therapy department of the medicine faculty of the Saint-Petersburg State University, Chief doctor of the International Medicine Centre "Sogaz", and Senner Ralf Constantine, professor, practicing surgeon, ambassador of the European centre of obese surgery ESCOS.

Best wishes,
Chief doctor
